

## 2022 High School Discussion Meet Questions

- 1- Throughout Idaho, agriculture land is being taken out of production and used for commercial and housing developments. What are ways we can prevent losing prime farmland while also protecting personal property rights?
- 2- Congressman Simpson has proposed a plan to remove the four lower snake river dams. How would the implication of this plan affect the day to day life of all in the Pacific Northwest?
- 3- Idaho Farm Bureau policy 128 states “We support requiring students graduating from Idaho schools to have a thorough understanding of the Constitution and the form of government that it gives us in accordance with the original intent of the founders”. Should there be any changes made to this policy?
- 4- Agriculture is one of the most hazardous industries. What can we, as young farmers and ranchers, do to create a more preventative, rather than reactive, approach to farm safety in our communities?
- 5- Covid has revealed a flaw in the supply chain, farm to table is more important than ever now. How can farm bureau help to reinforce the supply chain to bring the consumer closer to the producer?
